

teachwtechbrox @tperran I also think there are so many good chats it is hard to do more than 1-2 a week for a working, family goer :-) **#spedchat** -10:00 PM Jan 15th, 2013

tperran @teachwtechbrox That's what we do! **#spedchat** -9:59 PM Jan 15th, 2013

teachwtechbrox @tperran yes, think that it has been tough getting it back rolling again...but we will keep trekking along! :-) **#spedchat** -9:59 PM Jan 15th, 2013

tperran @teachwtechbrox Combining sounds like a good idea. Our **#spedchat** used to be pretty good size. Guess everyone is too busy these days -9:58 PM Jan 15th, 2013

teachwtechbrox @tperran time will be earlier next because we are going to combine with **#PBLchat** - would love to have you stop by **#spedchat** -9:56 PM Jan 15th, 2013

teachwtechbrox keep checking the **#spedchat** feed for modified time for our 1/22 chat w/ **#PBLchat #spedchat** -9:55 PM Jan 15th, 2013

tperran @teachwtechbrox @danieljyoo Sorry I missed your chat but glad to see that you were here. I'll do my best to see you next week! **#spedchat** -9:55 PM Jan 15th, 2013

teachwtechbrox well, I'm going to cut **#spedchat** little short tonight, will archive convo with **@danieljyoo** and see you next week for **#PBLchat/#spedchat** -9:54 PM Jan 15th, 2013

teachwtechbrox great chatting **@danieljyoo** ~ keeping brainstorming and I'll do the same! **#spedchat** -9:52 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat i should take a look at boardmakershare and smartexchange, we lack a resource sharing site for **#sped** -9:51 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat we want to augment our iep goals with letting people attach and share related resources ... -9:50 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat yes totally! i think we collectively spend too much time inventing our own -9:49 PM Jan 15th, 2013

teachwtechbrox @danieljyoo there are so many great Ts out there, creating great material, would be amazing to share & see, kind of like (con't) **#spedchat** -9:44 PM Jan 15th, 2013

teachwtechbrox @danieljyoo sorry, meant standard :-) **#spedchat** -9:42 PM Jan 15th, 2013

StaceyMeyer RT @ASCD: Hey #spedchat! Are you coming to **#ASCD13** in Chicago? We'd love to see you at the Tweet Up! RSVP: <http://t.co/Zk57Cs1i> -9:42 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat by skill or by standard? what would be example of skill(s) in the unit? -9:41 PM Jan 15th, 2013

teachwtechbrox @danieljyoo say I create a unit on the water cycle (visuals, communication boards, wksts)...place to "share" organized by skill **#spedchat** -9:39 PM Jan 15th, 2013

MissMelodyKitty #kidsapps #spedchat #deaf #appfriday Learn sign language and have fun, too! <http://t.co/C5ccLBrF> -9:39 PM Jan 15th, 2013

teachwtechbrox 1 other thing that would be great - a way for sped Ts who work w/moderate/severe population would be place to "house" adapted work **#spedchat** -9:38 PM Jan 15th, 2013

teachwtechbrox @danieljyoo my initial thought, just looking at Ohio, was to somehow have standards in checklist & mark off as "covered" - 1st step **#spedchat** -9:36 PM Jan 15th, 2013

teachwtechbrox @teachwtechbrox have 1st & 2nd year teachers w/ me so didn't want to overwhelm them this year ;-)
#spedchat -9:35 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat ... how can we help other K-2 MD specialists collaborate to come up with one?
-9:34 PM Jan 15th, 2013

teachwtechbrox @danieljyoo this is one of my goals for next year, to work w/my other bldg sped teachers, prioritize & calendar so are on same page
#spedchat -9:34 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat i think this is where there is so much untapped potential in the web...
-9:33 PM Jan 15th, 2013

teachwtechbrox @danieljyoo yes, was talking about that today - gen ed formally "calendar out" yr as a grade level (usually), not so much w/sped
#spedchat -9:32 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat i see. In ten ed there are "pacing guides" but we don't seem to have equivalents in SPED right?
-9:30 PM Jan 15th, 2013

teachwtechbrox standards can be hard to navigate & narrow focus, esp as we transition to CCSS and/or 'extended stanards' as mentioned in prev chat
#spedchat -9:28 PM Jan 15th, 2013

teachwtechbrox Saxon Kdg is very hands on & developm'ly appropriate, easily modified (IMO)
#spedchat -9:26 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat have heard a lot about Saxon but never used myself. is it hard because there is too much or not enough?
-9:24 PM Jan 15th, 2013

teachwtechbrox @danieljyoo i have K-2 multiple disabilities so we are at the very beginning, most focus on number sense/counting
#spedchat -9:22 PM Jan 15th, 2013

teachwtechbrox @danieljyoo making own games for TMath, have math game intervention set (can't remember name), plus various apps **#spedchat** -9:22 PM Jan 15th, 2013

teachwtechbrox i really like Saxon Math 4 K, materials for Sts who are needed beginning math skills, trying to navigate programs/standards is hard **#spedchat** -9:21 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat totally. what grade span is your caseload? -9:20 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat i had a great experience with touch math. did you make games up yourself or are they apps/curriculum? -9:20 PM Jan 15th, 2013

teachwtechbrox @danieljyoo i have done that as well, but my kids need a bit more visual/hands on that isn't always stressed in core materials **#spedchat** -9:19 PM Jan 15th, 2013

teachwtechbrox @danieljyoo trying little touch math this year, introducing some "games"-work on math & social skills, starting end of month **#spedchat** -9:17 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat i remember spending tons of time creating modified assignments from our core math curriculum -9:17 PM Jan 15th, 2013

danieljyoo @teachwtechbrox #spedchat glad to be here and thanks for hosting! -9:16 PM Jan 15th, 2013

teachwtechbrox @danieljyoo thanks for stopping over! slow stream tonight :-)
#spedchat -9:15 PM Jan 15th, 2013

teachwtechbrox As **#special** teacher, what are you using to teach **#math??**
#spedchat -9:14 PM Jan 15th, 2013

danieljyoo ... really interested in hearing about successful math programs from everyone **#spedchat** -9:13 PM Jan 15th, 2013

teachwtechbrox as for what I use for math, it is mixture of programs, websites, apps,&most importantly (i think) developm'ly approp activities **#spedchat** -9:10 PM Jan 15th, 2013

teachwtechbrox I'm Melanie from Ohio, I am an intervention specialist working with Sts with multiple disabilities **#spedchat** -9:06 PM Jan 15th, 2013

teachwtechbrox I will be saving chat and posting archive to **#spedchat** wiki after 10:00 tonight - if you are ready to chat, please intro yourself **#spedchat** -9:05 PM Jan 15th, 2013

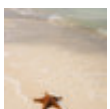

teachwtechbrox join us, if you are are new to chat, check out tweetchat,easiest way to follow specific hashtag **<http://t.co/cyGtK6p1>** **#spedchat** -9:04 PM Jan 15th, 2013

teachwtechbrox it is about 9:00 - for the next hour, my stream will be focusing on **#spedchat**, we are chatting **#math** curriculum and resources **#spedchat** -9:03 PM Jan 15th, 2013

teachwtechbrox very excited of this --> RT **@newtechnetwork**: Next week we will be teaming up with **#SpedChat** , really excited for this one! **#PBLchat** -8:59 PM Jan 15th, 2013

laurabyno RT **@newtechnetwork**: Next week we will be teaming up with **#SpedChat** , really excited for this one! **#PBLchat** -8:58 PM Jan 15th, 2013

newtechnetwork Next week we will be teaming up with **#SpedChat** , really excited for this one! **#PBLchat** -8:57 PM Jan 15th, 2013

teachwtechbrox **#spedchat** in about 10 min ~ topic **#math** resources (curriculum, websites)~easily follow & chat: **<http://t.co/cyGtK6p1>** **#spedaled** **#spedchat** -8:49 PM Jan 15th, 2013
